From: Rick Boggs, Executive Director
Office of Infrastructure Services
Commonwealth Office of Technology

Date: September 8, 2006

Subject: Internet Explorer Incompatibility Issues

620B 9/8/06

COT has recently been advised of incompatibility issues with Internet Explorer (IE), version 7.0 and the Commonwealth's IT environment. Two examples of many such incompatibilities that may occur are: IE 7.0 and EMARS, and IE 7.0 and ETS (the electronic time keeping system utilized by the Finance Cabinet).

COT cautions agencies that IE 7.0 is not part of the Commonwealth's standard desktop image and should not be downloaded to desktops. To do so may result in further incompatibility issues with detrimental consequences to the functioning of our standard systems.

Should you require further information or assistance, please contact the Commonwealth Service Desk at (502) 564-7576 or CommonwealthServiceDesk@ky.gov
